Springville, NY-

With the start of a New Year, Buffalo Turbine is pleased to announce it has launched a new website designed to improve user friendliness. The new site offers compatibility to all devices, making for an enjoyable search experience. As Buffalo Turbine continues to grow, its product focus has also expanded into several other industries. These industries are now highlighted on the redesigned site and featured on the home page.

[www.buffaloturbine.com](http://www.buffaloturbine.com) is now designed to help save time while searching the site as well as help direct visitors to the proper products of interest. Also added is a section to pay tribute to all of the organizations that either sponsor or are affiliated with Buffalo Turbine. These organizations provide key industry data to help stay on the cutting edge of technology as well as provide significant product exposure.

A dealer section has also been created where Buffalo Turbine Representatives can create accounts and access information that is pertinent on day-by-day basis, accounts will need to be approved before granted access to the dealer section.

Visit [www.buffaloturbine.com](http://www.buffaloturbine.com) to see all of the new features and products.

We wish everyone a happy and healthy 2016!
